

SUSPECTED MASS-MURDERER'S MANIFESTO ENDORSES HILLARY, OBAMA, GUN CONTROL, ELITE MEDIA

by JOHN NOLTE (/COLUMNISTS/JOHN-NOLTE) | 7 Feb 2013, 11:55 AM PDT | 371 | [POST A COMMENT \(/BIG-GOVERNMENT/2013/02/07/MASS-KILLER-MANIFESTO-ENDOTRSES-HILLARY-GUN-CONTROL-ELITE-MEDIA#COMMENTS\)](#)

While we pray for those murdered and everyone who might be in danger, we cannot forget that the media and its allies in the Democratic Party have set a standard when it comes to reporting on the possible political motives of mass murderers. Though they generally make things up to turn the death of innocents into a talking point against the Right, it is still the left who set this precedent.

And what do you know, Chris Dorner, the former police officer suspected of being behind the murder rampage presently unfolding in Los Angeles, has apparently left behind a manifesto (<http://wap.myfoxla.com/w/main/story/84473837/?sp=1>) addressed to America that the media are already selectively reporting on to leave out the more inconvenient portions. You see, there is no political upside for the media to reveal the politics of *this* suspected madman.

What is being reported as Mr. Dorner's manifesto not only endorses Hillary Clinton for president in 2016 and vigorously defends Barack Obama and the Democrats' current gun control push; he also savages the NRA's Wayne LaPierre while expressing all kinds of love for some of the biggest stars in the left-wing media -- by name.

No Tea Partier is this suspected mass murderer, who just might be politically motivated:

Chris Matthews, Joe Scarborough, Pat Harvey, Brian Williams, Soledad Obrien, Wolf Blitzer, Meredith Viera, Tavis Smiley, and Anderson Cooper, keep up the great work and follow Cronkite's lead. I hold many of you in the same regard as Tom Brokaw and the late Peter Jennings. ...

Willie Geist, you're a talented and charismatic journalist.

Mr. Dorner also seems to have a soft spot for those the media tells us are "safe" Republicans to like, such as George H. W. Bush and Chris Christie, "the only person I would like to see in the White House in 2016 other than Hillary."

When it comes to defending Obama, Dorner sounds like he's been watching an awful lot of NBC News:

You disrespect the office of the POTUS/Presidency and Commander in Chief. You call him Kenyan, mongroid, halffrican, muslim, and FBHO when in essence you are to address him as simply, President. The same as you did to President George W. Bush and all those in the highest ranking position of our land before him. Just as I always have. You question his birth certificate, his educational and professional accomplishments, and his judeo-christian beliefs. You make disparaging remarks about his dead parents.

Mr. Dorner's gun control views make it sound as though much of his thinking has been affected by CNN. In a paragraph that mentions Sandy Hook, Dorner writes:

If you had a well regulated AWB, this would not happen. The time is now to reinstitute a ban that will save lives. Why does any sportsman need a 30 round magazine for hunting? Why does anyone need a suppressor? Why does anyone need a AR15 rifle? This is the same small arms weapons system utilized in eradicating Al Qaeda, Taliban, and every enemy combatant since the Vietnam war. Don't give me that crap that its not a select fire or full auto rifle like the DoD uses. That's bullshit because troops who carry the M-4/M-16 weapon system for combat ops outside the wire rarely utilize the select fire function when in contact with enemy combatants.

Those sound just like Piers Morgan's talking points, no? Well, surprise-surprise, Dornan agrees 100% with Morgan on gun control, though he does worry that Morgan is hurting the cause:

Mr. Morgan, the problem that many American gun owners have with you and your continuous discussion of gun control is that you are not an American citizen and have an accent that is distinct and clarifies that you are a foreigner. I want you to know that I agree with you 100% on enacting stricter firearm laws[.]

The manifesto is thousands of word long and mentions dozens of people and topics. But

So what's new ? The last five mass shooters have been Dems ! The Colomnbine kids couldn't vote but were from left wing "parents", the Aruora shooter was an Obama supporter as was his family, the Sandy Hook shooter and his "father" were big Obama supporters, obviously the Va. Heard media-shrink Dr. Keith Ablow say on Fox TV that this Dorner Killer is "totally cut off from his **FEELINGS.**"

No offense to Dr. Ablow, BUT:

Disagree entirely. This murderous rampager was and is TOTALLY CONSUMED BY HIS FEELINGS of

RAGE, HATRED, PATHOLOGICAL NARCISSISM, RACIAL ANIMOSITY, POLITICAL FRUSTRATION, and a sense of SELF-RIGHTEOUS PERSECUTION, among other powerful, murderous "FEELINGS." It is not LACK of feelings but **feelings-run-amok** that fuels such mass killings. It does not take a SHRINK-LICENSE to see that.

Dr. Ablow recently announced interest in the Massachusetts Senate seat... Hope his political perceptions are more astute than his clinical ones. Also have to say it's a bit surprising that anyone so enamored with **feelings** would be in the Republican pigeonhole, hoping for Republican endorsement/support. Thought that **feelings** were the almost-exclusive domain of Left-wing nuts.
